

# Open Access Publishing

We have set our sights on publishing great scholarship that addresses the global social challenges and broader social science issues facing the world community today. Our commitment to Open Access (OA) is crucial to this vision.

## WHY OPEN ACCESS?

### Visibility and Impact

OA makes your research more widely and easily visible

### Usage

OA journal articles and manuscripts are viewed and cited more often

### Collaboration

OA fosters greater dialogue across disciplinary and geographical boundaries

### Social Justice

OA reduces inequalities in access to knowledge
